RE: REQUEST FOR REGISTRATION AS AN APPROVED SUPPLIER ON SUPPLIER DATABASE OF SERVICES SETA

Prospective suppliers are herewith invited to register as approved suppliers on the official Supplier Database of the Services Seta. In order to comply with the processes and procedures set out in the Supply Chain Management Policy; Services Seta developed a Supplier database to register all suppliers providing goods, works and services to the organization. The purpose of the database is to give all prospective suppliers a fair and equal opportunity to submit **quotations** for goods, works and services to **Services SETA.**

Preference will be given to the registered suppliers. However, it does not necessarily follow that those potential suppliers which are not yet registered will be totally exempt from quoting for the goods or services to Services Seta. It is imagined that the Supplier Database will contribute to efficient administration and compliance with the Preferential Finance Management Act (PFMA).

SECTION 8: CERTIFICATE OF INDEPENDENT BID DETERMINATION SBD 9

1 This Standard Bidding Document (SBD) must form part of all bids[1] invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).[2] Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.

b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

[1] Includes price quotations, advertised competitive bids, limited bids and proposals.

[2] Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

I, the undersigned, in submitting the accompanying bid:
