BACKGROUND

The Services Sector for Education and Training Authority (SSETA) is a statutory body established through the Skills Development Act of 1998 to enable its stakeholders to advance skills levels in the sector in accordance to government's growth initiatives. All SETAs were recently reviewed and SSETA has been re-licensed to execute its mandate for five years (to March 2020). The SSETA is striving to build a system where skills production and development respond to the socio-economic needs of our country and its labour market.
